

Sixty-Third Birthday.

Quite a good many friends assembled at W. J. Aikins', near Napier, on Tuesday last, the 25th inst., to extend him congratulations upon having reached his 63rd milestone along the pathway of life. W. J. was born in Platte county, Mo., near the old town of Harry, on the 25th day of August, 1851. He was brought by his parents to Holt county, four years later, and has lived in the immediate neighborhood of his present home ever since—for 59 years.

Great-Grandfather.

Mr. and Mrs. J. E. Shisler and little daughter, Ruth Helen, of Stanberry, Mo., who have been visiting here, with their uncle and aunt, John Peret and sister, Miss Bird Peret, and last, but not least, by a long shot, Great-Grandpa, Henry E. Peret and family, have returned home. Mrs. Shisler was formerly Miss Irene Peret, daughter of Mrs. Ada Peret, hence this makes Irene's little daughter, the first great-grandchild for Henry Peret, and you can just bet he is awfully proud of the fact, and we do not blame him, either. Henry is gradually getting down to a common level, and is now sufficiently recovered, so that he begins to recognize his friends again.

R. C. Benton Better.

It is with pleasure that we can announce that our esteemed fellow-citizen, R. C. Benton, who had a paralytic stroke on his streets, Thursday, August 13, is now able to rest and sleep some better, although his articulation has not improved very much. One thing in Mr. Benton's case, that speaks well, is that he takes and relishes plenty of nourishment.

Last week, as we go to press, Thursday morning, August 27, we are sorry to learn that on Wednesday evening he was suddenly taken much worse, but finally rallied from this attack, and while he passed a fair night, it left him in a very weakened condition, Thursday morning.

Returns to Her Home.

Mrs. Arnold Mueller and her two interesting little children, Sallie Ann and Mersk, who, with her mother, Mrs. Sallie T. McKinney, of Kansas City, have been spending the summer here, left Sunday noon for their respective homes, much to the regret of numerous friends. Mrs. McKinney to Kansas City, where she is teaching in the public schools, and her daughter, Christine, Mrs. Mueller, to Copenhagen, Denmark, to join her husband, who is extensively engaged in the shipping interests of that country on the high seas. Mr. Mueller is a native of Denmark, and has always resided in Copenhagen, while his wife has only lived there since her marriage, April 30, 1910.

Attended the Fair.

The following were in St. Joseph, Sunday last, seeing the sights, and in attendance at the big Inter State Fair and Stock Show, going on there from August 20 to 25, inclusive. Some went down by train, but the larger part went by auto.

Ray Lukens, Richard Kreeck, James Murray and Jim Flynn by train. The following drove down in their cars: John Keeney, wife and daughter, Katherine; Will Hage, wife and son, Paul; Charles Mark, sons, Verne and Claude; Frank Foster and Bruce Burgess; Guy Conrad and sister, Harry Aikins; H. L. Emerson and wife, of Forest City; Seth Carson, Ned Castle and Art Curry.

Deacon Dobyns Improving.

We are glad to announce to many hounding friends, that D. P. Dobyns, (Deacon) the Senior of this paper, who is in Colorado for his health and a much needed rest, is improving but very slowly, but he states in a recent letter, that he begins to see some improvement in his eye-sight, and also in his general health. He has just returned to Denver from a ten days' outing, with his daughter, Lulu, and husband, Charles Marker, in the mountains, right at the timber line. He says where they camped in the mountains, and just a few miles up on the mountains, a fierce snowstorm was raging. He thinks he will be able to return in two or three weeks, but if he is receiving any benefit, which we are certain he is, we say, "Stay—by all means stay." Friends desiring to write, can reach him, by addressing him, "Care of Mrs. Lulu Marker, 814 East 19th avenue, Denver, Colo."

Nominated.

We are for him first, last and all the time, no matter what the politics. In this case it is different. We have known him from babyhood, childhood, and have known him ever since he attained manhood. We learned him to "stick" type, and whatever he knows about the Art Preservative we claim about the honor of having imparted the most of this to him, and when it comes to gray matter, he always did have a liberal supply of this, and the rest he absorbed from us. Now, we know this is a big claim, but we are honest in it, and for this reason, having known him, as we said, from babyhood, knowing that he is eminently qualified, in every respect for the position to which he was nominated, at the late Democratic primaries in Nebraska, we think we have a perfect right to be for him, even if he is a Democrat. Don't take our word for this, go and get acquainted with him, if you are not already acquainted; after this, it is our confident belief, you will vote for him.

We refer to Will M. Maupin, of Lincoln, Nebraska, who was nominated by better than 2,000 plurality, in a field of four candidates, for Railway Commissioner of Nebraska; carried his own county by nearly 300, and Douglas county, in which is Omaha, where he is well known, by more than 1,000. Will is a former Oregon boy, whose friends are legion here, and we believe to a man, irrespective of party, they would vote for him. That is the way he stands over here in Missouri.

DR. PROUD HEARD FROM.

They Are In Frankfurt, on the Maine. Germany, Waiting For a Boat to Come Home On.

Dr. W. C. Proud, who left here July 1, 1914, with his family, for Vienna, Austria, to enter the medical school, American Medical Association, has been heard from for the first time since hostilities were declared over there, among the different nations of Europe. They are all well, and getting all right, but anxious to get home, and are at Frankfurt, waiting for a boat, to take passage in for America. The card was written by his wife. We herewith publish the card, verbatim, as follows:

"Frankfurt, on the Maine, Germany, August 6, 1914.
Mrs. Rebecca Proud, Oregon, Mo.
Dear Mother and All—
Here we are in Frankfurt, trying to get near a port, in order to take a boat when possible. I suppose you all really know more about the condition of affairs than we do. We can't write letters, even if we could, we couldn't begin to tell everything, and what a dreadful time we have had since all these powers have declared war. It costs so much to cable, but I hope some of our letters were not delayed in getting there. Nobody knows our great disappointment, but at present we are thankful for our lives, and that we are all well. The doctors from the A. M. A. (American Medical Association) in Vienna, had two cars to get us over, but it was awful the way we had to change, and rode 36 hours without rest. We, Americans, are all together and hoping a boat will come to get us. Love to All.
—ALICE—"

A Grand Success.

The piano contest, which closed at the Dawson Campbell Clothing Co., Saturday night, last, August 22, was undoubtedly a success, from start to finish. Following is what the management of the clothing company have to say about the contest and contestants, and conclusively proves that they realize and appreciate the efforts made by all to make the contest the success it was.

"We wish to thank our friends and patrons for their assistance in making our Piano Contest a grand success—especially do we want to thank every contestant for their untiring effort to finish at the top. The world admires a winner, as it also admires a good loser, and we are thankful to state that every contestant was ready with outstretched hands to congratulate those more fortunate than themselves. It was indeed a pleasure to witness the good feeling displayed among the girls at the close."

HOW THEY FINISHED:

1st prize, Frances Terry, 10.39.370;
2nd, Ethel Kelley, 10.015.150;
3rd prize, Leona Mark, 9.627.720;
4th, Mary Kneale, 9.227.325;
5th prize, Gladys Moore, 8.821.575;
6th, Hazel Bucher, 8.600.105;
7th prize, Ellen Pennell, 7.875.945.

All Students.

While attending the fair in Maltland, Friday of last week, we had the pleasure of meeting an old friend, Dr. W. J. Findley, formerly of New Point, but now located at Graham, Nodaway county, this state. In conversation with the doctor, we gleaned the following in relation to his children—their aims and intentions for the future:

During the year 1913 Lydia June, and William M. graduated in the Missouri State University, June receiving the degree of B. S. in Home Economics, and William M. A. B. in Medicine. Eldon M. in 1914 also graduated in the Missouri State University, receiving the degree of A. B. in Medicine. Last year June taught Home Economics in the High school at Hannibal, Mo. This year she has been elected to the head of Home Economics in Williams Woods college, Fulton, Mo.

Last year William M. taught as assistant in anatomy in Tulane University, Louisiana. During September, next, Eldon M. and William M. will enter Harvard University, where they expect to graduate in medicine, Eldon in two years, and William in one and one-half years.

This certainly is a record that any parent should be proud of, and we congratulate the doctor on the high attainments reached by his children.

Back Home.

Mrs. L. I. Moore and her daughter, Mary, have returned from a six weeks' tour throughout the West, going as far as the Pacific Coast, Los Angeles, San Francisco, Portland, Seattle, and Vancouver, B. C. and report one of the most enjoyable trips of their lives. They saw broad plains, rugged mountains, beautiful valleys, awe inspiring canyons, rushing mountain rivers and the surging and rolling Pacific. While in Seattle they visited Mrs. Moore's sister, and two nieces. They were accompanied on their trip by Mrs. Omer Williams and Miss Lena Spierle, also sisters of Mrs. Moore.

WAR IN EUROPE has not raised the price on my Brown's ★5★ all solid leather shoes, but from all reports, it will not be but a short time until a big advance on all shoe leather is on. Let me figure with you on your shoe bill—I will guarantee to save you money. I mean just what I say. Take a shot at me and be convinced.

C. W. KING.

—We are now prepared to do first-class dress-making and sewing of all kinds. Call on us at the Furman property. Mrs. J. S. A. Smith, Miss Della Smith, Oregon, Mo. Farmers' phone, No. 60.

Opening of School.

The Oregon High school will begin the session of 1914-1915, September 7th. Superintendent, J. G. Ensor, will be in the office at the school building, September 3-5. All those who wish to arrange their work for the coming year should see him on those dates.

All non-resident pupils must bring their grades when entering school.

Cheap Traveling.

A note received from Dr. T. A. Clagett, pastor of the Presbyterian church, who left here for Appleton City, this state, Monday morning, August 24, where his wife is visiting, makes the following statement: "Left Oregon at 5:15 Monday, in my Saxon runabout, and arrived at St. Joseph at 7 o'clock a. m. Left there at 8:30 a. m., and reached Kansas City at 12:30. Roads good, except between Parkville and Kansas City, where they were bad. Passed two motorcycles stuck there in the mud, that left St. Joseph an hour ahead of me. From Oregon to Kansas City, 284 miles, I made it on 31 gallons of gasoline—a cost of 50 cents."

Married.

Handsome cards have been received announcing the marriage of Zema M. daughter of Mr. and Mrs. Z. H. Warren, of Smith Center, Kansas, August 15, 1914. Mr. Martin is well known in Holt county, having been born and reared in this county, and having lived here nearly all his life. He and bride are now here, visiting his uncle, Billy and Al Wood, and aunt, Mrs. B. O. Plummer, all of Forest City and vicinity, and many other relatives. THE SENTINEL joins with the numerous friends of the groom in Holt county in extending to Will and his charming and accomplished bride many well wishes for their future happiness and prosperity. After September 1 they will be at home to their many friends at Clarksdale, Arizona.

Some Sheep.

Mart Hibbard, of Mayoworth, Wyoming, accompanied by his father, Judge George Hibbard, who has been out there on a visit, with Mart and his family, and his son, Jim and family, dropped in on us Monday night, of this week, Mart having been on the Omaha market with 2500 head of sheep, about ten carloads. He says they have had the best sheep year for many years, and the prospects for crops of all kinds were also the best for years. Mart and his brother, James H., are the leading sheep men of that section of Wyoming. He reports his wife, Mrs. Maude Hibbard, and the children all well, happy and fat. He will return this week.

Hon. John Kennish Here.

Hon. John Kennish, of Jefferson City, who was for four years Assistant Attorney-General of the state; later, State Insurance Commissioner, and, after that, a member of the Supreme Court, but who is now a component part of that very important body, the State Public Utilities Commission, was here this week. John is looking well, and is just the same old-time, whole-souled, affable and unassuming John Kennish that he was twenty years ago, when he used to practice law here. Many honors have come to you, John, and they were all worthily bestowed. No more honest, upright and brainy man lives within the state of Missouri than John Kennish, and it will always be a real pleasure to THE SENTINEL and his other Oregon and Holt county friends to note his well-merited success in life. He goes from here to Mound City to visit with relatives and friends for a few days, after which he will return to the state capital to resume his work upon that very important board above mentioned, of which he is an honored member.

Burrier & Schulte

Entertained.

Mrs. C. D. Zook entertained on Monday afternoon, complimentary to Mrs. W. S. Clark, of Hinsdale, Ill., and Mrs. F. L. Crampton, of Kansas City, Mo. About twenty ladies were present and a pleasant social time was enjoyed by all. Dainty refreshments were served.

—Tuesday evening, August 18, the barn of Fred Volmer, about four miles northwest of Craig, was, with nearly all of the contents, burned to the ground. Origin of the fire thought to have been spontaneous combustion. Loss, \$2,000, with no insurance.

—The Church of God will have a basket dinner at the Forbes school house. There will be Sunday school at 10. Preaching at 11 a. m. and at 2:30 p. m. and at night. Everybody invited to come and bring your baskets well filled and stay all day.

—F. L. Crampton and wife, of Kansas City, visited in Oregon, over Sunday, the guests of Mrs. C's mother, Mrs. Susan Russell, and other relatives. They were en route home from a trip through the West. Mr. Crampton returned to Kansas City, Monday, but his wife remained for a longer visit.

—Mr. and Mrs. Bert Dreher entertained some of their relatives and friends, Sunday, in honor of her father, S. C. Nash, of Kansas. Those present were: Mr. and Mrs. John Goodhart and Mrs. E. L. Watson, son and daughter, of Maltland; Mrs. Whitham, John Brodbeck and Mrs. Maple, of Oregon.

—We are sorry to learn that George Combs, of the Kelso school district, had his left arm broken, near Bigelow, one day last week. He was driving in a buggy, and met an automobile, which frightened his horse, causing him to kick over the dashboard, breaking the left arm. Dr. Hogan reduced the fracture, and he is now getting along all right.

—Ernest F. Weller, president of the Farmers' bank, of Maltland, has our thanks for what we consider a very nice present, in the shape of a fine Morocco note and pocket book, combined, also a fine coin purse made of the same material. E. F. is certainly a pleasant gentleman to meet, and makes everyone feel at home, when they are around his place of business. He has every convenience at the bank, and the public, in general, are always welcome.

—J. J. Lukens will return this week from his eastern trip. He has been in Washington, D. C., attending the National Rural Carriers' convention, and the same time seeing the sights. While east he also visited New York City, and other eastern points of interest. This week he is in Ohio visiting relatives on his way back. His daughter, Florence, has carried the mail over the route during his absence.

—While in Maltland, Thursday of last week, we were more than glad to shake hands with our old friend, Henry Crier, now a resident of near Centralia, Kan. He reports his father, Joe Crier and wife, as well, consequently happy, and also getting along nicely. Joe tended 80 acres alone this year. Prospects good for a fair crop. Joe's many friends in Holt county extend best wishes to him and his noble wife. Henry was over for a few days at the fair.
